Serengeti

BUSH CAMP

One WILD night!

HOW WILL YOUR ADVENTURE UNFOLD?

The sun sets over the African Savanna. The buzz of crickets is briefly dulled by the roar of distant lions. We stroll along the trails, ever watching for a glimpse of the diverse wildlife. The stars appear and light our way as we brave the Serengeti night and return to camp. The flames of the campfire dance as stories of the day's adventure are told.

Come to the Toronto Zoo's Serengeti Bush Camp to experience the wildlife of our African Savanna and Rainforest Pavilion, enjoy evening activities, campfire tales, and the chance to sleep under the stars in our authentic African tents.

THE VIP EXPERIENCE

SEE THE WHOLE ZOO

Campers receive guided tours of the African sections of the Zoo but also the opportunity to visit the remainder of the Zoo the same day or day after your overnight.

MEALS

Enjoy dinner overlooking the white rhino and Grevy's zebra exhibits as the sun sets in the distance. The next morning we offer breakfast as the sun rises again to greet you.

ACCOMMODATIONS

You will stay in authentic African bush tents made of heavy, waterproof canvas, set on wooden platforms. Each family receives their own tent.

UNIQUE OPPORTUNITIES

Your overnight includes the opportunity to go behind-the-scenes! There you will discover the inner workings of the Zoo, meet the staff that care for the animals, and get up close to some of the exotic animals found in our African areas!
