RFQ # 04 (2013-02)
ADDENDUM # 1**

- Page 1 of 2 -

This addendum shall be incorporated into, and form part of RFQ # 04 (2013-02) and take precedence over all requirements of the previously issued bid documents including plans. This addendum must be signed by the bidder (signing officer) in the appropriate space and must be attached to the Form for submission by the bidder. This Addendum consists of one (1) page.

- 1) The existing grass at the location of the tent will be removed and a recycled rubber surface will be installed prior to installation of the tent structure.
- 2) Based on the existing site conditions the maximum width allowable for the tent is 40'.
- 3) Cleaning

Rental basis

Successful bidder will be responsible for cleaning the tent on a monthly basis. The tent supplier would be responsible to clean the tent (inside and out) using minimal water. Any surfaces made dirty by cleaning of the tent structure would have to be cleaned as well. Alternative to cleaning on site and the preferred option of the Toronto Zoo would be for the tent supplier to remove the Toronto Zoo vinyl and clean off site. Temporary vinyl would have to be installed.

Purchase

Successful bidder will be responsible for cleaning the tent before or after the installation of the tent at the beginning of the season.

- 4) Colour of the tent
White

Receipt of the Addendum shall be acknowledged as part of your submission.

The Board of Management of the Toronto Zoo reserves the right to reject any or all Quotations or to accept any quotation, should it deem such action to be in its interests.
