2012-10-03

Just wanted to touch base with you and let you the package is amazing and I was overwhelmed with the amount and quality of information.

Paul Carl

Administrative Assistant / Program Assistant

Queen's University Kingston Aboriginal Teacher Education Program

2012-10-02

I just wanted to thank you for sending along the books/curriculum guide package. Very nice!! I am impressed. I see the artist Bernice Gordon put together some excellent works which work very well with stories. I love the book "Walking with A'no:wara".

In peace always,

Raymond Skye

2012-09-24

Kindly note, that I have received the education resource material package that was sent to me. Upon an initial look, the materials look exciting. I am pleased to see this resource circulated. I have forwarded knowledge of the resource to the Martin Aboriginal Education Initiative for consideration to highlight within their Promising Practices Website.

Migwech,

Christy R. Bressette, cmec

Beautiful work! You and the gang should be proud, I know I am. Nia:wen for keeping me in the loop.

Candace Maracle

2012-09-21

I was overwhelmed when the package arrived and I spent the rest of the day reading and admiring the beautiful artwork. The bundle is indeed complete. I anticipate the bundles will be very well received especially in eco-schools. G'chi-miigwetch for your incredible determination to put this bundle together.

Eileen (Sam) Conroy

Madoc , ON Retired Teacher

The educational bundle arrived today. What a beautiful set of curriculum materials reflecting much hard work and careful thought. Congratulations on bringing such a wonderful project to fruition! Thank you for sharing this amazing work. I am full of gratitude to you and your co-authors and helpers for developing such fine materials and am happy to have others know this! It will be a delight to share your materials widely. You will likely be getting many requests for the educational bundle from SW Ontario!.

I will share with our First Nations Environmental Health Innovation Network (FNEHIN).

All the resources on the website look GREAT.

Very best,

Melissa Pomeroy, MES

Policy Analyst, Environmental Stewardship Unit, Assembly of First Nations (AFN)

This is just wonderful work. Great job!

Let me know if you want to come into MaRS and talk more about how to market the resource.

I just sent this to our Twitter network (15,000 people!)

All the best,

Joseph Wilson

Education Cluster, MaRS Discovery District

2012-11-05

This is fantastic! I will link to our web site www.penpalproject.ca for the teachers information and we will pass this on to our Boards of Education.

Thanks for this,

Scot Cooper

Definitely, I'll post [The Aboriginal Education Curriculum-based Resource Bundle] it on the Active Circle website and other social media forums we use.

Here's the link: <http://www.activecircle.ca/en/resources-120-free-online-aboriginal-education-resource>

Christine Head, Motivate Canada

2012-11-15:

I received a package from you, very well done!

I have been promoting your work to the students and organizations I work with.

I also cut and pasted your poster on facebook.

Bonjour,

I represent the French Public School Board based in Sudbury. Our territory goes from south of Sudbury up to the border with Manitoba. We are a very small Board with regard to population – 2 300 students.. The First Nations usually speaks English but we do have a large Métis population. You also have to be aware that resources concerning Aboriginal in French are very rare. Anything that you could provide us would be appreciated. The fact that we have small numbers should not prevent you to translate the resources. We still have to provide a quality education to the Aboriginal students within our system. Also, it can foster a greater understanding of the importance of the Aboriginal Nations in this country with everybody. Bonne journée

Marc Gauthier

Good afternoon ONECA: I just wanted to share an amazing tool, its FREE and it meets the Ontario Curriculum expectation guidelines. The Programme Coordinator from Turtle Island Conservation at the Toronto Zoo has just done a presentation in the office. They have developed these really amazing toolkits and they are available free of cost. It is a cross-curricular tool with a First Nations cultural lens. I would encourage everyone to check this out and give the programme a call. They would be happy to come to your community and do a presentation and share these amazing tools with your school.

Roxane Manitowabi, Executive Director
Ontario Native Education Counselling Association

I am very impressed with the education bundle from Turtle Island Conservation. I believe that this bundle is not only educational for kids but also for adults and teens! The bundle not only came with the two amazing books for kids and two books for the teacher but also with worksheets and tips on how to use these materials with multiple age groups. In addition to all of these amazing materials I have mentioned, I was impressed to find posters of turtles, snakes, frogs, and lizards which I have already begun studying. I am in university studying to be a teacher and I can't wait to use these materials to help teach children about the amazing creatures we have in our backyard and to show kids how important these animals can be in First Nations teachings. Thank you!

Jessica, London Ontario.
